

# EZ-OFFICE PRO SOFTWARE

ANALYSIS, PROFIT MAPPING, AND PRESCRIPTION MAPS  
FOR EZ-OFFICE SOFTWARE

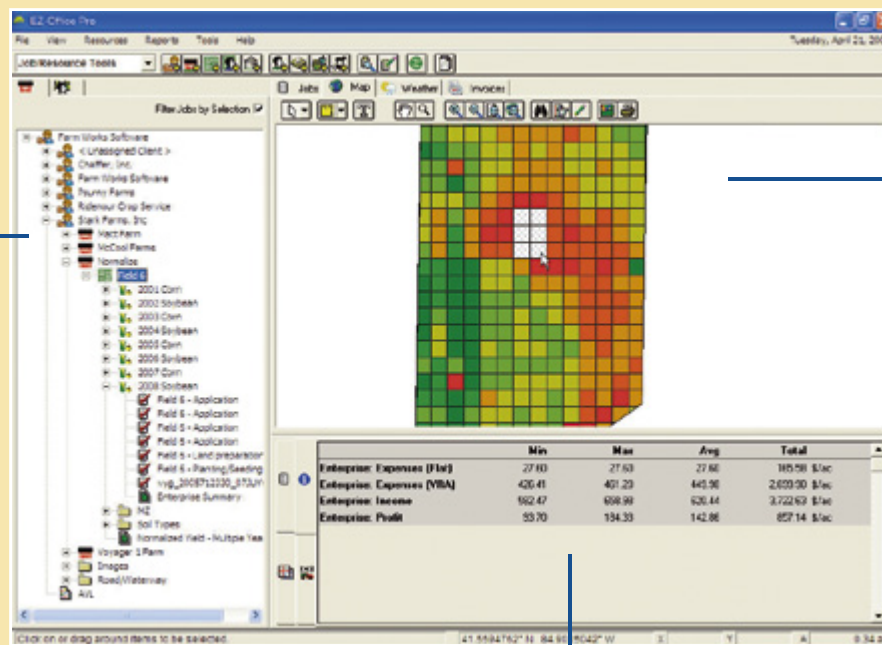

## INTRODUCING THE NEW EZ-OFFICE PRO 2010 SOFTWARE

EZ-Office™ Pro software takes your mapping to the next level with enhanced functionality including yield normalization, profit mapping, and prescription map creation using formulas.

## PROFIT MAPPING

View profitability of variable rate application, seed hybrid changes, and other precision farming practices

Creates a layer for each crop enterprise year and integrates financial information with precision maps to determine profitability

The integration of EZ-Office software allows users to assign values to the crops they are raising and costs to supplies, equipment, and personnel

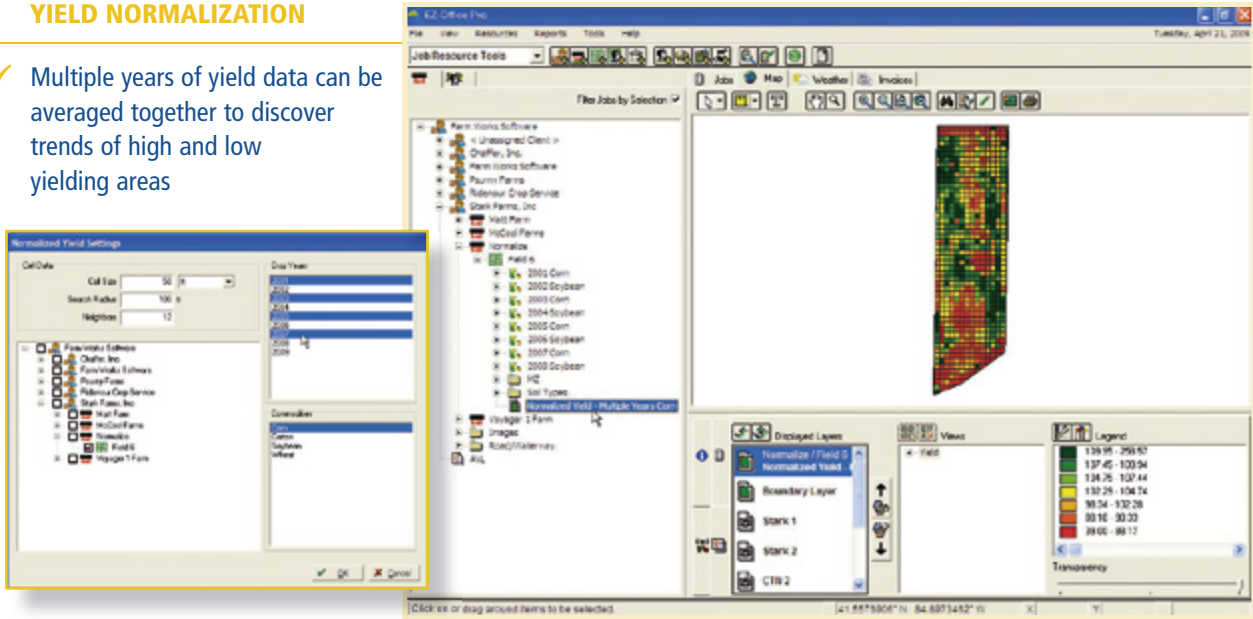

Trimble Agriculture. The line everyone follows.

# EZ-OFFICE PRO SOFTWARE

ANALYSIS, PROFIT MAPPING, AND PRESCRIPTION MAPS FOR EZ-OFFICE SOFTWARE

## YIELD NORMALIZATION

- ✓ Multiple years of yield data can be averaged together to discover trends of high and low yielding areas

## PRESCRIPTION MAPS
